

# Specify Pope Portable Pressure Vessels And...

## Turnkey Process Vessel Systems

### OUR UNIQUE SERVICE

- CHEMICAL ENGINEERING APPLICATIONS STAFF ADDRESSES ALL TECHNICAL ISSUES.
- TOTAL RESPONSIBILITY TAKEN FOR SYSTEM AND COMPONENT PERFORMANCE.
- CUTS YOUR TIME AND COSTS OF DESIGN, TESTING, AND "FIDDLING."

Pope applications experts help you specify your vessels — from simple off-the-shelf containers to more complex systems. Capacities from 2 liters to 200 gallons — standard models stocked. Modifications and accessories include mixers, means of heating and cooling, valves, instrumentation, wheels/carts, pumps, etc. Choice of finishes/coatings, sanitary NPT or other fittings, etc. Call or fax Pope for quick quote turnaround.

Stainless steel A.S.M.E. rated, 304, 316L, stainless steel and exotic alloys.

### FOR ALL...

- High Purity, Pharmaceutical, Food Grade Materials.
- Flammable, Toxic, Corrosive Chemicals.

### CUSTOM DESIGNS FOR:

- Storage and shipping.
- Reactors and fermenters.
- Blending, dispensing.
- Scale-up from lab glassware.
- Heavy industrial use.
- Many more applications.
